

POLICY: PUBLIC POSTING & DISTRIBUTION OF COMMUNITY MATERIALS

Approved: November 9, 2010

Revised: September 22, 2015

Revised: June 22, 2021

As a public service, the Webster County Library (WCL) will allow the placement of informational materials and announcements on the bulletin board or in designated areas from non-profit or civic groups based in the WCL service area. It is the responsibility of each organization to provide materials for posting. Materials will be posted for as long as space allows. Due to space limitations, posting of library-related materials will take precedence over public announcements.

Materials from for-profit businesses will not be posted on the public bulletin board or distributed.

Campaign or political signs will not be posted on the public bulletin boards or literature racks. In addition, posting of campaign signs or other campaign literature on library property is prohibited.
